Article 11 – L, 1. (Pool Specific)

(Place a check mark on the appropriate line)

Method 1. Except as qualified in Section K and Section S (2), the displacing engineer will be assigned to the pool turn previously held by the junior engineer on the involved pool board. If that turn is not at the home terminal, the displacing engineer will be shown waiting turn until the turn arrives and is tied up at the home terminal and that pool standing will then be assumed by the displacing engineer.

Method 2*. Except as qualified in Section K and Section S (2), the displacing engineer will be assigned to the pool turn previously held by the junior engineer on the involved pool board. If that turn is not at the home terminal, the displacing engineer shall be placed to the foot of the board at the home terminal as it stands at the time of displacement and that pool standing will then be assumed by the displacing engineer. When the displaced engineer returns to the home terminal, that turn shall be extinguished.

* Method 2 – A Not to include turns that are at the home terminal in either active or inactive status

* Method 2 – B To include turns that are at the home terminal in active status, but not to include turns at the home terminal in inactive status
