Washington Job Protection as it pertains to Article IX

Section 6 (a). No employee of any of the carriers involved in a particular coordination who is continued in service shall, for a period not exceeding five years following the effective date of such coordination, be placed, as a result of such coordination, in a worse position with respect to compensation and rules governing working conditions than he occupied at the time of such coordination so long as he is unable in the normal exercise of his seniority rights under existing agreements, rules and practices to obtain a position producing compensation equal to or exceeding the compensation of the position held by him at the time of the particular coordination, except however, that if he fails to exercise his seniority rights to secure another available position, which does not require a change in residence, to which he is entitled under the working agreement and which carries a rate of pay and compensation exceeding those of the position which he elects to retain, he shall thereafter be treated for the purposes of this section as occupying the position which he elects to decline.

(b) The protection afforded by the foregoing paragraph shall be made effective whenever appropriate through what is hereby designated as a "displacement allowance" which shall be determined in each instance in the manner hereinafter described. Any employee entitled to such an allowance is hereinafter referred to as a "displaced" employee.

(c) Each displacement allowance shall be a monthly allowance determined by computing the total compensation received by the employee and his total time paid for during the last twelve (12) months in which he performed service immediately preceding the date of his displacement (such twelve (12) months being hereinafter referred to as the "test period" and by dividing separately the total compensation and the total time paid for by twelve, thereby producing the average monthly compensation and average monthly time paid for, which shall be the minimum amounts used to guarantee the displaced employee, and if his compensation in his current position is less in any month in which he performs work than the aforesaid average compensation he shall be paid the difference, less compensation for any time lost on account of voluntary absences to the extent that he is not available for service equivalent to his average monthly time during the test period, but he shall be compensated in addition thereto at the rate of the position filled for any time worked in excess of the average monthly time paid for during the test period.

Section 7 (a). Any employee of any of the carriers participating in a particular coordination who is deprived of employment as a result of said coordination shall be accorded an allowance (hereinafter termed a coordination allowance), based on length of service, which (except in the case of an employee with less than one year of service) shall be a monthly allowance equivalent in each instance to one hundred per cent (100%) of the average monthly compensation of the employee in question during the last twelve months of his employment in which he earned compensation prior to the date he is first deprived of employment as a result of the coordination. This coordination allowance will be made to each eligible employee while unemployed by his home road or in the coordinated operation during a period beginning at the date he is first deprived of employment as a result of the coordination and extending in each instance for a length of time determined and limited by the following schedule:

BROTHERHOOD OF LOCOMOTIVE ENGINEERS & TRAINMEN
LOCAL COMMITTEE OF ADJUSTMENT – DIVISION 622

- 1 yr. and least than 2 yrs. 6 months
- 2 yrs. and less than 3 yrs. 12

- 5 yrs. and less than 10 yrs. 36
- 10 yrs. and less than 15 yrs. 48

In the case of an employee with less than one year of service, the total coordination allowance shall be a lump sum payment in an amount equivalent to sixty (60) days, pay at the straight time daily rate of the last position held by him at the time he is deprived of employment as a result of the coordination.

(b) For the purposes of this agreement the length of service of the employee shall be determined from the date he last acquired an employment status with the employing carrier and he shall be given credit for one month's service for each month in which he performed any service (in any capacity whatsoever) and twelve such months shall be credited as one year's service. The employment status of an employee shall not be interrupted by furlough in instances where the employee has a right to and does return to service when called. In determining length of service of an employee acting as an officer or other official representative of an employee organization he will be given credit for performing service while so engaged on leave of absence from the service of a carrier.

(c) An employee shall be regarded as deprived of his employment and entitled to a coordination allowance in the following cases:

1. When the position which he holds on his home road is abolished as result of coordination and he is unable to obtain by the exercise of his seniority rights another position on his home road or a position in the coordinated operation, or
2. When the position he holds on his home road is not abolished but he loses that position as a result of the exercise of seniority rights by an employee whose position is abolished as a result of said coordination, or by other employees, brought about as a proximate consequence of the coordination, and if he is unable by the exercise of his seniority rights to secure another position on his home road or a position in the coordinated operation.

(d) An employee shall not be regarded as deprived of employment in ease of his resignation, death, retirement on pension or on account of age or disability in accordance with the current rules and practices applicable to employees generally, dismissal for justifiable cause in accordance with the rules, or furloughed because of reduction in forces due to seasonal requirements of the service; nor shall any employee be regarded as deprived of employment as the result of a particular coordination who is not deprived of his employment within three years from the effective date of said coordination.

If the position of an employee is abolished while he is absent from service, he will be entitled to the coordination allowance when he is available for service. The employee temporarily filling said position at the time it was abolished will be given a coordination allowance on the basis of said position until the regular employee is available for service and thereafter shall revert to his previous status and will be given a coordination allowance accordingly if any is due.
